Dear Friends - How many years
have we been exchanging cards
at this most wonderful time of
year? Our youngest came up
with our sentiment for this
year. We couldn't be more proud
of her! We really must get
together soon! Merry Christmas
From your dear friends.

They're for your

Dear Friends - that we met on the
the hills many years ago and
never saw again but we still
exchange Christmas Cards,
we think of you often and
miss you very. We are still
chasing the snow. Thought you'd
enjoy a photo of some kids -
They are all great skiers and I'm
sure they're all on their way to
the Olympics. That! Because we're
going to celebrate the New Year
and get together soon.
Merry Christmas and
Happy New Year!
Love your dear friends

Friends that we met at Simon's during College Season. We were supposed to meet
some time after your first job but we have many years and we are still waiting. We promise
let us see you this time...

Christmas and Happy New Year from your best friend, Gilly Goodwin!

Dear friends -
We have really
enjoyed exchanging
cards & letters with you
over these many years.
We were wondering if you
remember what we look like -
Can you give us out of a
line up? Merry Christmas
and Happy New Year from
your dear friends.
