

CHRISTMAS MADLIB FROM THE GAGLIONES

It has been quite a (fill in your adj here) year for our family. (Name of family member here) continues to build his (favorite country) empire and has the privilege to ride his (mode of transportation) to the couch every day, something he/she has been doing since he/she was born. (Name of family member here) is frequently found in her/his bomb shelter. Sometimes she/he is even (verb ending in ing). Recently she/he learned how to make gingerbread (food). When (name of family member here) isn't busy working on his/her (noun) applications she can be found upstairs (verb ending in ing) tuba, everything from Pachelbel to Henry Mancini to Taylor Swift. (name of family member here)'s (type of music) band practices at our house every Sunday (socially distanced and with masks of course). (Family member name) plays the drums very (verb). He/she loves vinyl records and currently has over (4 digit number) songs on itunes. They saved so much this year because their favorite pigs in a blanket shop started making everything gluten free, so they thought spending their money on itunes was a better investment. (Pet name) and (pet name) don't have much to say, but they do wish you a Merry Christmas!
